

Summary of Changes

The general assessment rate on all worker's compensation is 7.75 percent. Rates on base premiums, title insurance, and auto value study remain unchanged. Special attention should be paid to the appropriate handling of Guaranty Association refunds.

General Instructions

All licensed insurance companies must file a tax return regardless of the exempt nature or amount of their premiums.

Filing On Required Forms

Utah requires filing on forms provided by the Tax Commission. Any company submitting facsimiles (substitute forms) must have their forms **PREAPPROVED** by the Tax Commission. Prior to filing, send three copies of facsimiles forms to:

Utah State Tax Commission
Attention: Forms Group
210 N 1950 W
SLC UT 84134

Due Dates

The insurance premium tax return must be filed with any payment required on or before March 31 in each year.

Extensions

Utah law provides no extension for filing premium tax returns. All companies should file by the due date. If retaliatory computations are not available, non-Utah based filers should include a statement with the original return indicating the date the retaliatory computations will be submitted. When retaliatory computations are available, if additional tax is due, file a return clearly marked "AMENDED". Retaliatory taxes must meet prepayment requirements. If necessary, an estimated retaliatory payment should be made by the due date of the return. **Any additional amount due after the due date as the result of a retaliatory tax must include interest and may be subject to penalty.**

Retaliatory Taxes (DO NOT INCLUDE INSURANCE FEES)

All non-Utah based companies must include a retaliatory tax statement with the premium tax return. Utah does not provide an actual retaliatory tax form. If more space is needed, prepare a statement of your own design to show only the retaliatory tax calculation.

Insurance Fees, including any Retaliatory Fees

(Do not remit with this return)

Fees should be paid to:

Utah State Insurance Department
3110 State Office Building
SLC UT 84114

Estimated Quarterly Tax Payments

Prepayments are required if the prior year's tax exceeded \$10,000. Prepayments may be based on 27 percent of the prior year's tax or the current year's estimated premiums. Prepayment due dates are the last day of April, July, and October, with the final payment due March 31 with the return. The necessary vouchers to be used for the current year will be mailed in March. **No prepayment filing is required if no prepayment is due. Vouchers should be filed ONLY IF a prepayment amount is DUE.**
